ANK Features

x

- This site is developed only for SPPU engineering result pdf analysis
- Just upload result pdf and get full analysis
- After applying algorithm on result pdf the user can get following results :
 - Rankwise Students list according to department
 - Subject wise result, also get total number of appeared students along with number of failed students
 - Get name of all the students who are failed in respective subject
- The result page is also downloadable in pdf format for future reference
- The site is full free of cost for limited period of time
- As the format of result pdf from SPPU changes we upgrade our algorithm too
- Works for almost all the pdf
- Right now the algorithm developed works for course 2012 ad 2016 pattern
- The algorithm developed uses regular expressions from python
- Caution :This algorithm may not work for some of the pdf.
